Information about the use of certificates of previous editions

The below certificates can be reused for Raid in France 2016:

- Ropes and Caving Test Certificate from 2010, 2011, 2012, 2014 or 2015
- Swimming certificate 2009, 2010, 2011, 2012, 2014 or 2015
- Kayak and Rafting Test Certificate 2012

Each racer must have obtained every required certificate.

Please bring it (and a copy) during equipment checking before the race.

Comments and reminders: Even if you have passed the test and certificate once, it is important that you still make sure you are aware about the discipline and are still able to practice... Tests will be hold during equipment checking, if a teammate is not able technically, he, and hence his team, won't take the start.
