

NEWSLETTER RACERS

Décembre 2013

N°1

Dear racers,

Within all this turmoil around Costa Rica World Championships, we giving you the first news on Raid in France 2014.

Raid in France 2014

The track surveys are moving fast and well.
2014's logo has been finalised, with a moto: Volcanoes to Camargue.
Dates have been given: from the 13th to the 20th of September 2014.

The start line will be settled in Haute-Loire, in Vals-près-le-Puy, near Puy-en-Velay, and the finish line will be in Grau du Roi, star city of Camargue.

Between those two points: 5 to 7 days of non-stop racing, more than 500km, going through Auvergne, Rhone Alpes and Languedoc Roussillon in Haute-Loire, Ardèche, Lozère, Hérault and Gard's departments.
Upstream climbing will reach approximately 15 000 meters, and will have nothing to envy to our past editions!

Innovations: Horsing and speleology are coming back!

You will still find out: A track 100% Natural, demanding, and mobile (no loops), activities in total autonomy; a high environmental positioning, committing volunteers, and our affiliation to ARWS circuit, reinforced by a Jeunesse et sport approval (recognition by the ministry).

Teams' enrolments will be open

From the 20th of December ... directly on our website.

See you on www.raidinfrance.com

Hope to see you all soon

Pascal Bahuaud
