Dear racers,

Information about accommodation, airport transfers
and package for international teams

Accommodation

Place of departure: Font-Romeu

We worked with the Font-Romeu tourist office to suggest some convenient and advantageous accommodation to teams. They will be able to meet your needs, and any type of accommodation is available.

You can contact them directly, they know about the race organisation and will be able to guide you depending on your needs.

You will find some additional information on Raid in France's website, section «practical information».

E-mail : office@font-romeu.fr

Place of arrival : Saint-Pierre-la-Mer (city of Fleury d'Aude)

We negotiated unbeatable prices with a residence of good standing (pool, car park, environment) ideally situated regarding the place of arrival. There is a limited number of rooms, and we won't be able to provide you with similar accommodation for this price. Thus, it will work on a first-come-first-served basis.

Important: teams' equipment will be stored in this residence (bike boxes, assistance boxes, personal bags).

Packages must be directly booked to the organisation, using the booking sheet. The organisation will then give all the required details to teams.
