International Teams

2012 ARWC organizers want to make easier the visit and transportation of international teams.

In order to do so, they have decided to offer a concept of race without team-assistance. It means that **the organizers, themselves, will support material transfer during the race.**

With relation to transportation, we will offer **a bus transfer between Nice Airport and race start (L'Argentière-la-Bessée), as well as between race finish (Monaco) and Nice Airport.**

Respecting accommodation, negotiations are under discussion to offer accommodations at best prices. A shuttle system will enable teams to go from accommodation place to race Head Quarter in L'Argentière-la-Bessée.
