

# ADVENTURE RACING WORLD CUP

16 to 20 sept  
2015

## Information about the use of certificates of previous editions

**The below certificates can be reused for Raid in France 2015:**

- Ropes and Caving Test form from 2010, 2011, 2012 or 2014
- Swimming certificate 2009, 2010, 2011, 2012 or 2014

Each racer must have obtained every required certificate.

**If you are in hold of your original certificate:**

Please bring it (and a copy) during equipment checking before the race.

**Comments and reminders:** Even if you have passed the test and certificate once, it is important that you still make sure you are aware about the discipline and are still able to practice... Tests will be hold during equipment checking, if a teammate is not able technically, he, and hence his team, won't take the start.
